

MarineLink.com

The screenshot shows the MarineLink.com website interface. At the top, there is a navigation menu with links for Home, Magazines, Advertising, Events, Videos, Contact us, and Special Reports. Below the navigation is the MarineLink logo and the date 'Friday, August 25, 2017'. The main content area features several news articles and advertisements. The top article is 'Baltic Index Edges Higher on Firmer Capesize Vessel Rates' with a photo of a large ship. Other articles include 'HMS Queen Elizabeth Sets Sail with Dellner Brakes', 'Hurricane Harvey Strengthens, Threatens US', 'Keppel AmFELS to Build Two LNG Fueled Containerships', 'Seadrill to Seek Bankruptcy Protection', 'CMA CGM Theodore Roosevelt Breaks Panama Canal Capacity', and 'MOL Engineering'. Advertisements include 'Industrial-Grade Pressure Washers', 'FleetComm', 'COMMUNICATIONS IN FLEET TRANSPORTATION', and 'MARITIME REPORTER TV'.

MarineLink.com is the industry's longest running industry news site and part of the Marine Media Network. The newly redesigned MarineLink.com offers advertisers access to the the largest targeted commercial marine audience online in a variety of ad sizes. But book early, there is limited space and these go fast!
